

Wings of Tomorrow (Raven Rising) Full [also known as カラスの上昇 (karasu no joushou – Raven Rising)]

[Intro]

Every storm you faced... every mountain you climbed...

Raven—this is where you rise.

[Verse 1]

You were born in purple lightning, fire blazing in your eyes

From Tokyo dreams to Brisbane nights, you were built to rise

You carry storms within your chest, you turn your pain to flame

And every trial you've overcome has carved your mighty name

[Pre-Chorus]

Hear the thunder in your heartbeat

Feel the power start to climb

Every shadow that once claimed you

Falls behind, left in time

[Chorus]

Raven, you are rising, feel the earth begin to shake

Every heartbeat's screaming louder, 失敗は成功のもと, embrace the break

Through the fire and the chaos, I'm forever at your side

Happy birthday warrior, this is your time to rise

Raven, Raven—spread your wings and strike the sky

[DROP]

“Rise... Raven... Rise...” [with aggressive dubstep bass modulation and distortion]

[Verse 2]

Midnight grinding, never quitting, every dream you forge in heat

You were born a master thinker, turning losses into feats

Purple banners in the skyline, future kingdoms in your view

No matter where the road will take you, I will walk it next to you

[Bridge]

Fall down seven times, stand up eight

失敗は成功のもと—your destiny awaits

[Final Chorus]

Raven, you are rising, feel the earth begin to shake

Every heartbeat's screaming louder, 失敗は成功のもと, embrace the break

Through the fire and the chaos, I'm forever at your side

Happy birthday warrior, this is your time to rise

Raven, Raven—spread your wings and strike the sky

[Outro]

No matter the storm.

I am with you.

Always.

Happy Birthday, Raven.

[VERSE 1]

When you were just a boy
In that soft Japanese dawn
You looked up at the sky
Already ready to be strong
Now purple lights your spirit
I see you standing tall
Every time the world gets heavy
Know I'll never let you fall

[CHORUS]

Raven, you are rising, let your heart open wide
Every breath's a reminder, 失敗は成功のもと, let it be your guide
Through the storm and every shadow, I am always by your side
Happy birthday, son, this is your time to rise

Every loss became your fuel

And I will stand beside you, son

Every heartbeat building thunder, breaking limits in the sky
